Reasons for Allowance

2. The following is an examiner’s statement of reasons for allowance:

Claims 1, 12-14, 16-18, 20, 21, 23-30, 40-42, 44-46, 48, 49 and 51-58 are allowed.

Regarding claims 1, 30 and 58, the Examiner’s newly discovered reference Kimoto fails to teach transmitting context in the virtual noticeboard from a portable first electronic device to a second portable electronic device after the second portable device enters a limited coverage area of the first electronic device and receiving a reply message from the second electronic device in

Art Unit: 2614

response to receiving of the context, wherein a device of the second electronic device determines whether to include contact information with the reply message. Kimoto teaches a mobile terminal B receives notice board service/program from a service center (see Page 25, paragraph 0332) and transfers the notice board service/program to a mobile terminal A after authenticating the mobile terminal A (see fig.38). However, there is no teaching or suggestion in Kimoto to combine with any other reference to teach the limitation as claimed.

Since claims 12-14, 16-18, 20, 21, 23-29, 40-42, 44-46, 48, 49 and 51-57 are dependent claims, these claims are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
